December 3, 2020

Sean Curtis, Director Planning Department County of Modoc 203 West 4<sup>th</sup> Street Alturas, CA 96101

**Dear Sean Curtis:** 

## RE: Review of the County of Modoc's 6th Cycle (2019-2024) Draft Housing Element

Thank you for submitting the County of Modoc's (County) draft housing element update received for review on November 20, 2020. Pursuant to Government Code section 65585, subdivision (b), the California Department of Housing and Community Development (HCD) is reporting the results of its review. The review was expedited to enable the jurisdiction to meet funding criteria for various programs.

The draft element meets the statutory requirements of State Housing Element Law. The housing element will comply with State Housing Element Law (Article 10.6 of the Gov. Code) when it is adopted, submitted to and approved by HCD, in accordance with Government Code section 65585.

Public participation in the development, adoption and implementation of the housing element is essential to effective housing planning. Throughout the housing element process, the County must continue to engage the community, including organizations that represent lower-income and special needs households, by making information regularly available while considering and incorporating comments where appropriate.

For your information, some general plan element updates are triggered by housing element adoption. For example, a jurisdiction must address environmental justice in its general plan by the adoption of an environmental justice element, or by the integration of environmental justice goals, policies, and objectives into other general plan elements upon the adoption or next revision of two or more elements concurrently on or after January 1, 2018. (Gov. Code, § 65302, subd. (h).) In addition, the safety and conservation elements of the general plan must include analysis and policies regarding fire and flood hazard management and be revised upon each housing element revision. (Gov. Code, § 65302, subd. (g).) Also, the land-use element must identify and analyze

disadvantaged communities (unincorporated island or fringe communities within spheres of influence areas or isolated long established legacy communities) on, or before, the housing element's adoption due date. (Gov. Code, § 65302.10, subd. (b).) HCD reminds the County to consider timing provisions and welcomes the opportunity to provide assistance. For information, please see the Technical Advisories issued by the Governor's Office of Planning and Research at:

http://opr.ca.gov/docs/OPR Appendix C final.pdf and http://opr.ca.gov/docs/Final 6.26.15.pdf.

Several federal, state, and regional funding programs consider housing element compliance as an eligibility or ranking criteria. For example, the CalTrans Senate Bill (SB) 1 Sustainable Communities grant; the Strategic Growth Council and HCD's Affordable Housing and Sustainable Communities programs; and HCD's Permanent Local Housing Allocation consider housing element compliance and/or annual reporting requirements pursuant to Government Code section 65400. With a compliant housing element, the County will meet housing element requirements for these and other funding sources.

HCD appreciates the hard work and dedication Gary Price, consultant, provided in preparation of the County's housing element and looks forward to receiving the County's adopted housing element. If you have any questions or need additional technical assistance, please contact Hillary Prasad, of our staff, at (916) 263-1784.

Sincerely,

Shannan West

Land Use & Planning Unit Chief
